

DRINKING IN ENGLAND.—An eminent English physician on oath the other day said that he had known men who took their sixty tumblers of punch per day, and seemed no whit the worse for their indulgence. The twenty one tumbler man is, or used to be, a common product of Irish and Scotch conviviality. Roswell was up to that. So was John Phillip Curran, and Erskine, on one occasion, compassed his two dozen hot toddies. Then there was a good old soul, who died a few weeks ago in the Rue Vivienne, in Paris, in the house where Mr. P. began for some time established the flying exchequer of the land league. This celebrity was a retired shipping agent from Marseilles, and the daily draught in which he did penance comprised four bottles of burgundy, four of claret and two of champagne, this allowance being exclusive of the petits verres and occasional drinks.

MADRID, August 28.—An anti-German demonstration was begun in Madrid to day. At 4 o'clock 40,000 persons had assembled on the Prado with banners and other emblems. Spanish denouncing Germany's action in annexing the Caroline Islands. The Chief speaker was a Spanish colonel in full uniform. No insulting reference was made to Germany, but the rights of Spain were fully proclaimed. The procession marched through the chief streets, arousing great enthusiasm. Opposite the prime minister's palace cheers were raised for the premier, but he did not appear and the cheering was changed to howling and whistling. Several men scaled the balconies and planted the national flag amid a storm of enthusiastic cheers. All the clubs displayed banners. The procession was headed by Democratic leaders. It did not pass through the street upon which the German legation is situated. At a meeting of the Military Club, Gen. Salamanca presiding, it was unanimously agreed, amid intense excitement, to expel the German honorary members.

Gen. Buckner had a clerical staff, and his military family has furnished the Episcopal Church with three bishops—Gallagher, of Kentucky, who was a lieutenant colonel and assistant adjutant-general, is now bishop of Louisiana; Elliott, another Kentuckian, captain and aid-de-camp, is bishop of Texas; Harris, of Georgia, aid-de-camp, who was a bishop of the Michigan diocese, was first promoted to this high dignity in the Church. Another clergyman who came from the same training school is Shoup, a West Point graduate, who left the old army and came South. He is now a D. D.

PERFECTION

IS WHAT WE ALL AIM AT!

And to say that we have attained to that is an untruth; but to say that by hard work and honest dealings we have established a business in Asheville that is a source of great satisfaction to us and to our customers, is to state "plain facts to a candid public."

In all known places in this world there are people who think that by sending their orders away from home they can get better and cheaper goods. For the benefit of such persons, we will make the following broad assertion, viz.:

That we can duplicate any

bill in our line, bought by

parties outside the trade,

when freights and drayage are counted in; and in most cases that have come under our observation we have been able to save the purchaser from 5 to 10 per cent.

Then there are other parties who will order from New York a barrel of Sugar and box of Tea, and when out go to their grocer and buy 5 to 10 lbs. sugar and 1-4 lb. tea, and because they do not get them at same prices as they paid in New York by the barrel or box, will say that they can't pay such prices, and make another order and pay more than they would have to pay at home. Turks Island salt won't save such people.

We are glad to state that there are but few such people of Asheville, and that the great majority were quick to see that it was to their interest to buy at home. Not only the people of Asheville, but of all Western North Carolina, are availing themselves of the advantages offered by us in the way of

Low Prices for the necessities of life.
